

# WASTE BALING PRESSES

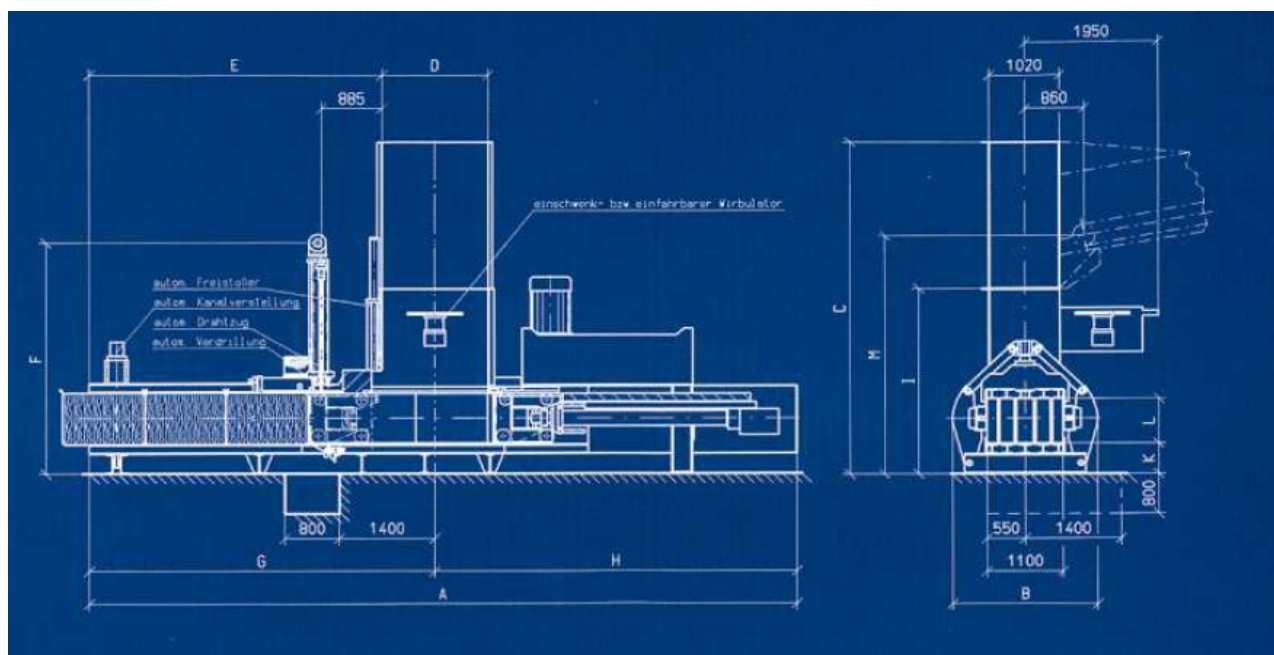

## Baler, hydraulic presse PAAL Konti 600 E

### Technical specification

|                                      |                         |                              |                                                                    |
|--------------------------------------|-------------------------|------------------------------|--------------------------------------------------------------------|
| <b>Max. pressure:</b>                | 145 tons                | <b>Year of production:</b>   | 2004                                                               |
| <b>Unit pressure:</b>                | 122 tons/m <sup>2</sup> | <b>Number of strappings:</b> | 5 - fold vertical, (optional: 5 - fold vertical 4 fold horizontal) |
| <b>Cross-section of the channel:</b> | 1080 x 1100 mm          | <b>Filling inlet:</b>        | 1020 x 2000 mm                                                     |
| <b>Bale weight:</b>                  | 800-1250 kg             | <b>Weight:</b>               | ca 42 tons                                                         |
| <b>Supply:</b>                       | 400 V/ 3 x45 kW         | <b>Bale tying:</b>           | automatic, wire                                                    |

Efficiency on idle: max 1140 m<sup>3</sup>/ hour  
 Efficiency under load: max 645 m<sup>3</sup> / hour

Theoretical efficiency with material in density 35 kg/m<sup>3</sup> 22,5 tons/hour  
 Theoretical efficiency with material in density 60 kg/m<sup>3</sup> 38 tons/hour  
 Theoretical efficiency with material in density 100 kg/m<sup>3</sup> 58 tons/hour

| Abmessungen in mm: | KONTI | A      | B     | C     | D     | E     | F     | G     | H     | I     | K   | L     | M     |
|--------------------|-------|--------|-------|-------|-------|-------|-------|-------|-------|-------|-----|-------|-------|
|                    | 600 E | 14 365 | 2 600 | 5 990 | 2 000 | 6 520 | 4 350 | 7 520 | 6 845 | 3 640 | 630 | 1 080 | 4 500 |
