

Wirbulator Bollegraaf do belownicy kanałowej typu HBC 110

Specyfikacja techniczna

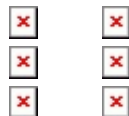

Wymiary zasypu:	1600 x 1100 x 630 mm	Rok produkcji:	2011
Zasilanie:	400 V/ 11kW	Cena orientacyjna:	ok. 10 000 EUR

Ruffler and funnel can be used for presses with feed openings of 1600 x 1100 mm. Although the ruffler is working hydraulically and mechanically well, it has to be embedded into controls of a bale press. This electrical connection with the control cabinet as well as the activation and the programming should be effected by the manufacturer respectively by a specialised company, only. The ruffler's operating mode is shown by a special video
